

# HAZARDS OF MARIJUANA GROW OPERATIONS AND BUTANE HASH OIL EXTRACTIONS

## IDLH Tactics LLC

[www.idlhtactics.com](http://www.idlhtactics.com) (303) 918-2444

This class is the bread and butter delivery of IDLH Tactics. This course is designed to be an interactive tour to inform students on how to recognize and identify occupancies that are in the business of Marijuana and Butane Hash Oil production. This class will take students on an in depth tour of the hazards of marijuana grow operations and butane hash oil extraction labs. Students will engage in strategy and tactics discussions from “real life” case studies. This class can be customized to fit the needs of your department. Class includes lecture and tabletop discussion. By far our number one class!

**Can be delivered in 2 or 4 hour modules to increase outreach to your department**

Call or email for pricing. Discounts provided for full, 8 hour deliveries.
